The associated guarantees may be returned to the tenderers on request. No liability can be accepted for late delivery of tenders. Late tenders will be rejected and will not be evaluated.

14. Evaluation of tenders

- 14.1. Examination of the administrative conformity of tenders:
The aim at this stage is to check that tenders comply with the essential requirements of the tender dossier. A tender is deemed to comply if it satisfies all the conditions, procedures and specifications in the tender dossier without substantially departing from or attaching restrictions to them.
Decisions to the effect that a tender is not technically compliant must be duly justified in the evaluation minutes.
If a tender does not comply with the tender dossier, it will be rejected immediately and may not subsequently be made to comply by correcting it or withdrawing the departure or restriction.
- 14.2 Technical evaluation:
After analysing the tenders deemed to comply in administrative terms, the evaluation committee will rule on the technical admissibility of each tender, classifying it as technically compliant or non-compliant.
- 14.3 To facilitate the examination, evaluation and comparison of tenders, the evaluation committee may ask each tenderer individually for clarification of their tender, including breakdowns of prices. The request for clarification and the response must be in writing only, but no change in the price or substance of the tender may be sought, offered or permitted. Decisions to the effect that a tender is not technically compliant must be duly justified in the evaluation minutes.
- 14.4 Financial evaluation:
The rates and prices inserted in the bill of quantities must correspond to the conditions laid down in the tender documents (in Annex IV: Model of financial/technical offer). The financial and economic standing of the tenderer will be evaluated by the evaluation committee.
- 14.5 Award criteria:
The tender commission will not necessarily choose on the basis of lowest price alone but will award one of received offer on the basis of value for money, price, quality, compliance with international norms, and delay for delivery. The experience of the tenderer in the performance of similar contracts will be as well a criterion for selection.

15. Performance guarantee

- 15.1. The successful tenderer will be informed in writing that its tender has been accepted (see below: notification of award). Before the Contracting Authority signs the contract with the successful tenderer, the successful tenderer must provide the documentary proof or statement required under the law of the country in which the company (or each of the companies in case of a consortium) is established, to show that it does not fall into the exclusion situations listed in declarations signed (Annex II and III of this tender dossier).
- 15.2. The evidence or these documents or statements must carry a date, which cannot be more than 180 days in relation to the deadline for the submission of the tender. In addition, a

sworn statement shall be furnished stating that the situations described in these documents have not changed since then.

- 15.3. If the successful tenderer fails to provide this documentary proof or statement within 7 calendar days following the notification of award or if the successful tenderer is found to have provided false information, the award will be considered null and void. In such case, the Contracting Authority may award the tender to another tenderer or cancel the tender procedure.

16. Signature of the contract

- 16.1 Within 7 days of receipt of the contract already signed by the Contracting Authority, the selected tenderer must sign and date the contract and return it, with the performance guarantee, to the Contracting Authority. Upon signing the contract, the successful tenderer will become the Contractor and the contract will enter into force.
- 16.2 If the successful tenderer fails to sign and return the contract and any financial guarantee required within 7 days after receipt of notification, the Contracting Authority may consider the acceptance of the tender to be cancelled without prejudice to the Contracting Authority's right to seize the guarantee, claim compensation or pursue any other remedy in respect of such failure, and the successful tenderer will have no claim whatsoever on the Contracting Authority.
- 16.3 After the signature of the contract, the Contractor shall provide any detailed information requested by the Contracting Authority, UNICEF or other donors, the European Anti-Fraud Office (OLAF), and the Court of Auditors, or by any other qualified outside body chosen by the Donor or by the Contracting Authority for the purposes of checking that the activities implemented in the context of the present contract are being properly carried out. The Contractor therefore allows the Contracting Authority, UNICEF, other donors, the European Anti-Fraud Office (OLAF), and the Court of Auditors to carry out the documentary and on-the-spot checks deemed necessary by the abovementioned authorities.

17. Ethics and Exclusion clauses

- 17.1. Any attempt by a candidate or tenderer to obtain confidential information, enter into unlawful agreements with competitors or influence the committee or the Contracting Authority during the process of examining, clarifying, evaluating and comparing tenders will lead to the rejection of their candidacy or tender and may result in administrative penalties.
- 17.2. Without the Contracting Authority's prior written authorisation, a Contractor and its staff or any other company with which the Contractor is associated or linked may not, even on an ancillary or subcontracting basis, supply other services, carry out work or supply equipment for the project. This prohibition also applies to any other projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the Contractor.
- 17.3. When putting forward a candidacy or tender, the candidate or tenderer shall declare that he is affected by no potential conflict of interest and has no particular link with other tenderers or parties involved in the project. Should such a situation arise during performance of the contract, the Contractor must immediately inform the Contracting Authority.
- 17.4. The Contractor must at all times act impartially and as a faithful adviser in accordance with the code of conduct of his profession. The Contractor shall refrain from making public

statements about the project or services without the Contracting Authority's prior approval. The Contractor may not commit the Contracting Authority in any way without its prior written consent.

- 17.5. For the duration of the contract the Contractor and its staff shall respect human rights and undertake not to offend the political, cultural and religious mores of the beneficiary state.
- 17.6. The Contractor may accept no payment connected with the contract other than that provided for therein. The Contractor and its staff must not exercise any activity or receive any advantage inconsistent with their obligations to the Contracting Authority.
- 17.7. The Contractor and its staff shall be obliged to maintain professional secrecy for the entire duration of the contract and after its completion. All reports and documents drawn up or received by the Contractor shall be confidential.
- 17.8. The contract shall govern the Contracting Parties' use of all reports and documents drawn up, received or presented by them during the execution of the contract.
- 17.9. The Contractor shall refrain from any relationship likely to compromise his independence or that of its staff. If the Contractor ceases to be independent, the Contracting Authority may, regardless of injury, terminate the contract without further notice, and without the Contractor having any claim to compensation.
- 17.10. The Contracting Authority reserves the right to suspend or cancel project financing if corrupt practices of any kind are discovered at any stage of the award process and if the Contracting Authority fails to take all appropriate measures to remedy the situation. For the purposes of this provision, "corrupt practices" are the offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a contract or implementation of a contract already concluded with the Contracting Authority.
- 17.11. All tenders will be rejected or contracts terminated if it emerges that the award or execution of a contract has given rise to unusual commercial expenses.
- 17.12. Such unusual commercial expenses are commissions not mentioned in the main contract or not stemming from a properly concluded contract referring to the main contract, commissions not paid in return for any actual and legitimate service, commissions remitted to a tax haven, commissions paid to a recipient who is not clearly identified or commissions paid to a company which has every appearance of being a front company.
- 17.13. The Contractor shall supply the Contracting Authority on request with all supporting documents relating to the conditions of the contract's execution. The Contracting Authority may carry out whatever documentary or on-the-spot checks it deems necessary to find evidence in cases of suspected unusual commercial expenses.
- 17.14. When putting forward a candidacy or tender, the candidate or tenderer shall declare its commitment to the non-exploitation of child labour and to the respect of basic social rights and working conditions (see declaration to be signed in Annex II). The Contracting Authority may carry out whatever documentary or on-the-spot checks it deems necessary to find evidence of the enforcement of the above mentioned principles.

18. Cancellation of the tender procedure

18.1. In the event of a tender procedure's cancellation, tenderers will be notified by the Contracting Authority. If the tender procedure is cancelled before the outer envelope of any tender has been opened, the sealed envelopes will be returned, unopened, to the tenderers.

Cancellation may occur where:

- the tender procedure has been unsuccessful, namely where no qualitatively or financially worthwhile tender has been received or there has been no response at all;
- the economic or technical parameters of the project have been fundamentally altered;
- exceptional circumstances or force majeure render normal performance of the project impossible;
- all technically compliant tenders exceed the financial resources available;
- there have been irregularities in the procedure, in particular where these have prevented fair competition.

In no circumstances will the Contracting Authority be liable for damages, whatever their nature (in particular damages for loss of profits) or relationship to the cancellation of a tender, even if the Contracting Authority has been advised of the possibility of damages. The publication of a procurement notice does not commit the Contracting Authority to implement the programme or project announced.
